

# California Association of Bioanalysts

*CAB Announces a Statewide Annual Meeting  
to be held at The Cliffs Oceanfront Resort  
At Shell Beach, CA  
October 26th & 27th, 2007*

Dear CAB Member: **NOTICE WITH AGENDA**

I am excited to announce that the Association is holding its statewide-annual meeting on October 26th and 27th, 2007. The location of the meeting is the Cliffs Resort at Shell Beach, CA. As always, this is a wonderful opportunity in seeing old friends as well as meeting our newest members at this beautiful, relaxing beach setting. Please note that at this year's meeting we will be offering the full 12 contact hours of continuing education required for all California licenses. Please be sure to invite licensees at all levels to participate in the program. The diversity of educational topics should attract the interest of most everyone.

This year's registration, will allow attendees to choose various levels of participation; one or two days, meetings only, dining only (guests), or the entire program. As before, the agenda will provide for significant time off in the afternoons to enjoy the beach and surroundings with family and friends. Mark your calendar today, then make reservations at the Cliffs Resort by dialing 800-826-7827 and tell the agent you are with the California association of Bioanalysts, in order to receive our preferred rate of \$160 per room plus taxes per night. Rooms have been reserved for Thursday, Friday and Saturday nights.

I'm looking forward to seeing you all at Shell Beach for an enjoyable meeting!

Edd E. Epstein, President CAB
